  - Track and Field (Varsity)

For more information about CCSD athletics, including schedules and eligibility requirements, or to request a new sport or a new level of a sport, please visit ccsd.net and choose Athletics/Activities in the student section, or visit the athletic office at the school.

Students attending a Career and Technical Academy (CTA) or a magnet high school should contact the geographically-zoned school for information about participation in sports.

**Benefits of Participation in Sports**
Sports participation is shown to improve physical health and fitness. Students who participate in sports may have higher self-esteem, a stronger sense of community, and purpose. Student-athletes spend consistent time with adult mentors, and results show increased academic performance in the classroom.

**Title IX Information**
The Clark County School District continues its ongoing commitment to ensure that the District’s programs, activities, and services comply with Title IX of the Education Amendment of 1972, and provide equal opportunity to students. Specific concerns raised by employees, students, or parents/guardians regarding athletics or activities should be directed to the Director of Secondary Student Athletics and Activities, at (702) 799-8493. Concerns may also be addressed through the Parent Concern Form process.
